

Field Trips/School Programs

What We Offer

Tours and classroom visits at the San Angelo Museum of Fine Arts are TEKS aligned--connecting art directly to your classroom curriculum. We offer tours and in classroom programs for all grade levels. **Tours and classroom visits are FREE for students, teachers and chaperones.**

Museum Tours

For Groups of 75 students or less
we offer tours that can include the following:

- Gallery Tour at SAMFA (45 minutes)
- Art Project at SAMFA (45 minutes)
- Introduction to Fort Concho National Historic Landmark and Museum (45 minutes)

NOTE: Students are split into groups of 25 or less and rotate between sessions. Field trips can last up to 4 hours and may include lunch.

Multiple Visit Programs

Limit 25 students per session. For a more in-depth experience with art.

Each multiple visit program includes:

- 1 gallery tour at SAMFA (45 minutes)
(On-site presentations can be done if requested, but there is nothing like seeing art in real life!)
- 4 studio sessions that can take place at the museum or in your classroom. (45 minutes)
- An art show for parents and teachers in the Coop Gallery (right across the street from SAMFA).

For Groups exceeding 75 Students: Due to the limited space in our galleries and the fragile nature of the artwork, we cannot provide a safe nor meaningful experience groups larger than 75. Groups exceeding 75 students, or groups with limited time constraints are welcome to enjoy a self-guided architectural tour of the museum's exterior as well as the nearby river walk. It is a wonderful place to eat lunch and explore the scenery!

Field Trips/School Programs

Teachers may choose one of the following themes for any tour or multiple visit program.

Art and Nature: See how artists use nature in their work--as inspiration and as an art material! Then create a sculpture or landscape using natural and man-made materials.

Architecture--Together We Will Make a Building: Explore some of the coolest architecture in the Cultural District, including SAMFA, the Municipal Pool and the San Angelo skyline. Then work as a team to design a new building for an empty lot on Oakes Street.

Current Exhibitions: This program focuses on what is currently on view at the San Angelo Museum of Fine Arts. Call the Education Department for details.

How to Schedule:

1. Visit samfa.org/education.html and submit the School Tour Request online form. Or, you may submit the attached form by fax or post.
2. Wait at least 48 hours for a Museum staff member to contact you by phone or email to arrange tour details.
3. Once you receive your confirmation, prepare your students by going over the Museum Etiquette sheet that will be sent to you.

Questions? Contact the Education Department at 325-653-3333 or education@samfa.org.

School Tour Request

Once we receive this request, we will contact you to arrange tour details.

Name: _____
